

# SEEPEx Cornerstone for the Regional DAM

Energy Trading Seminar, 01 December 2016 , Budva

# Strategic partnership

- SEEPEX is the result of the strategic partnership between EMS and EPEX SPOT

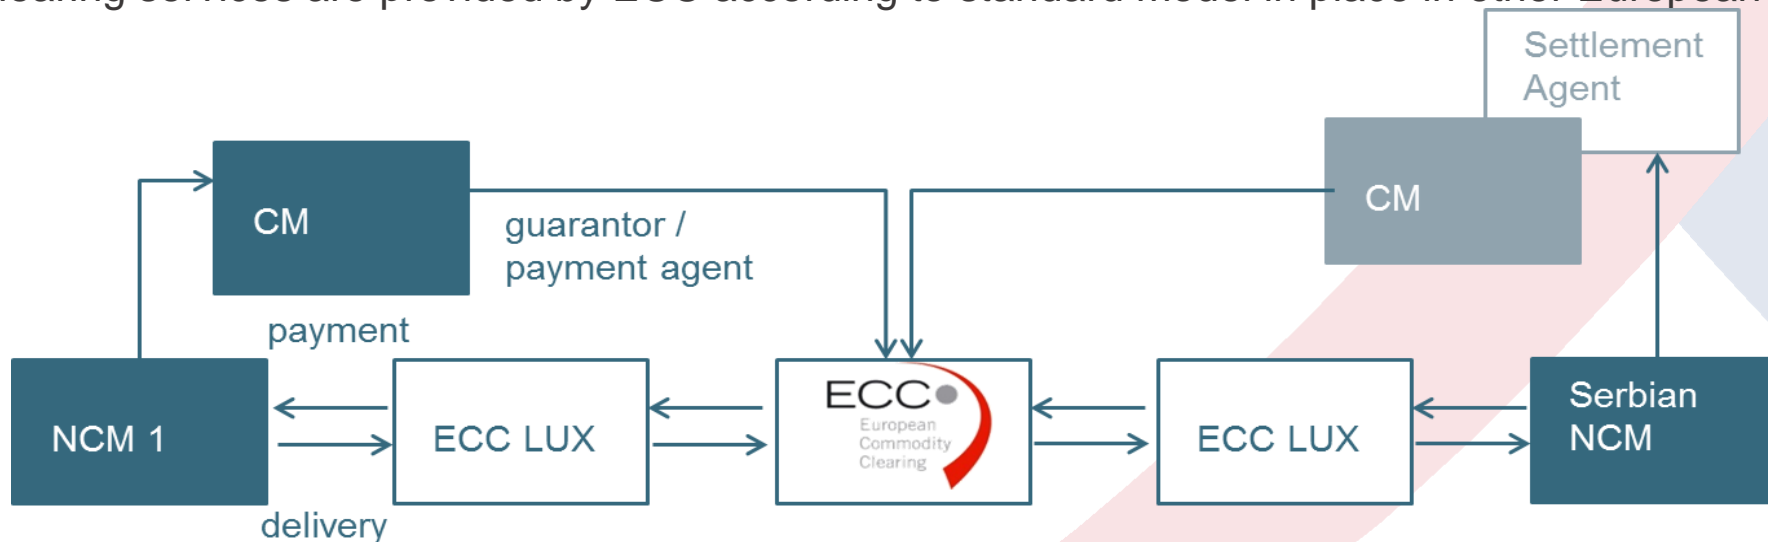

EPEXSPOT

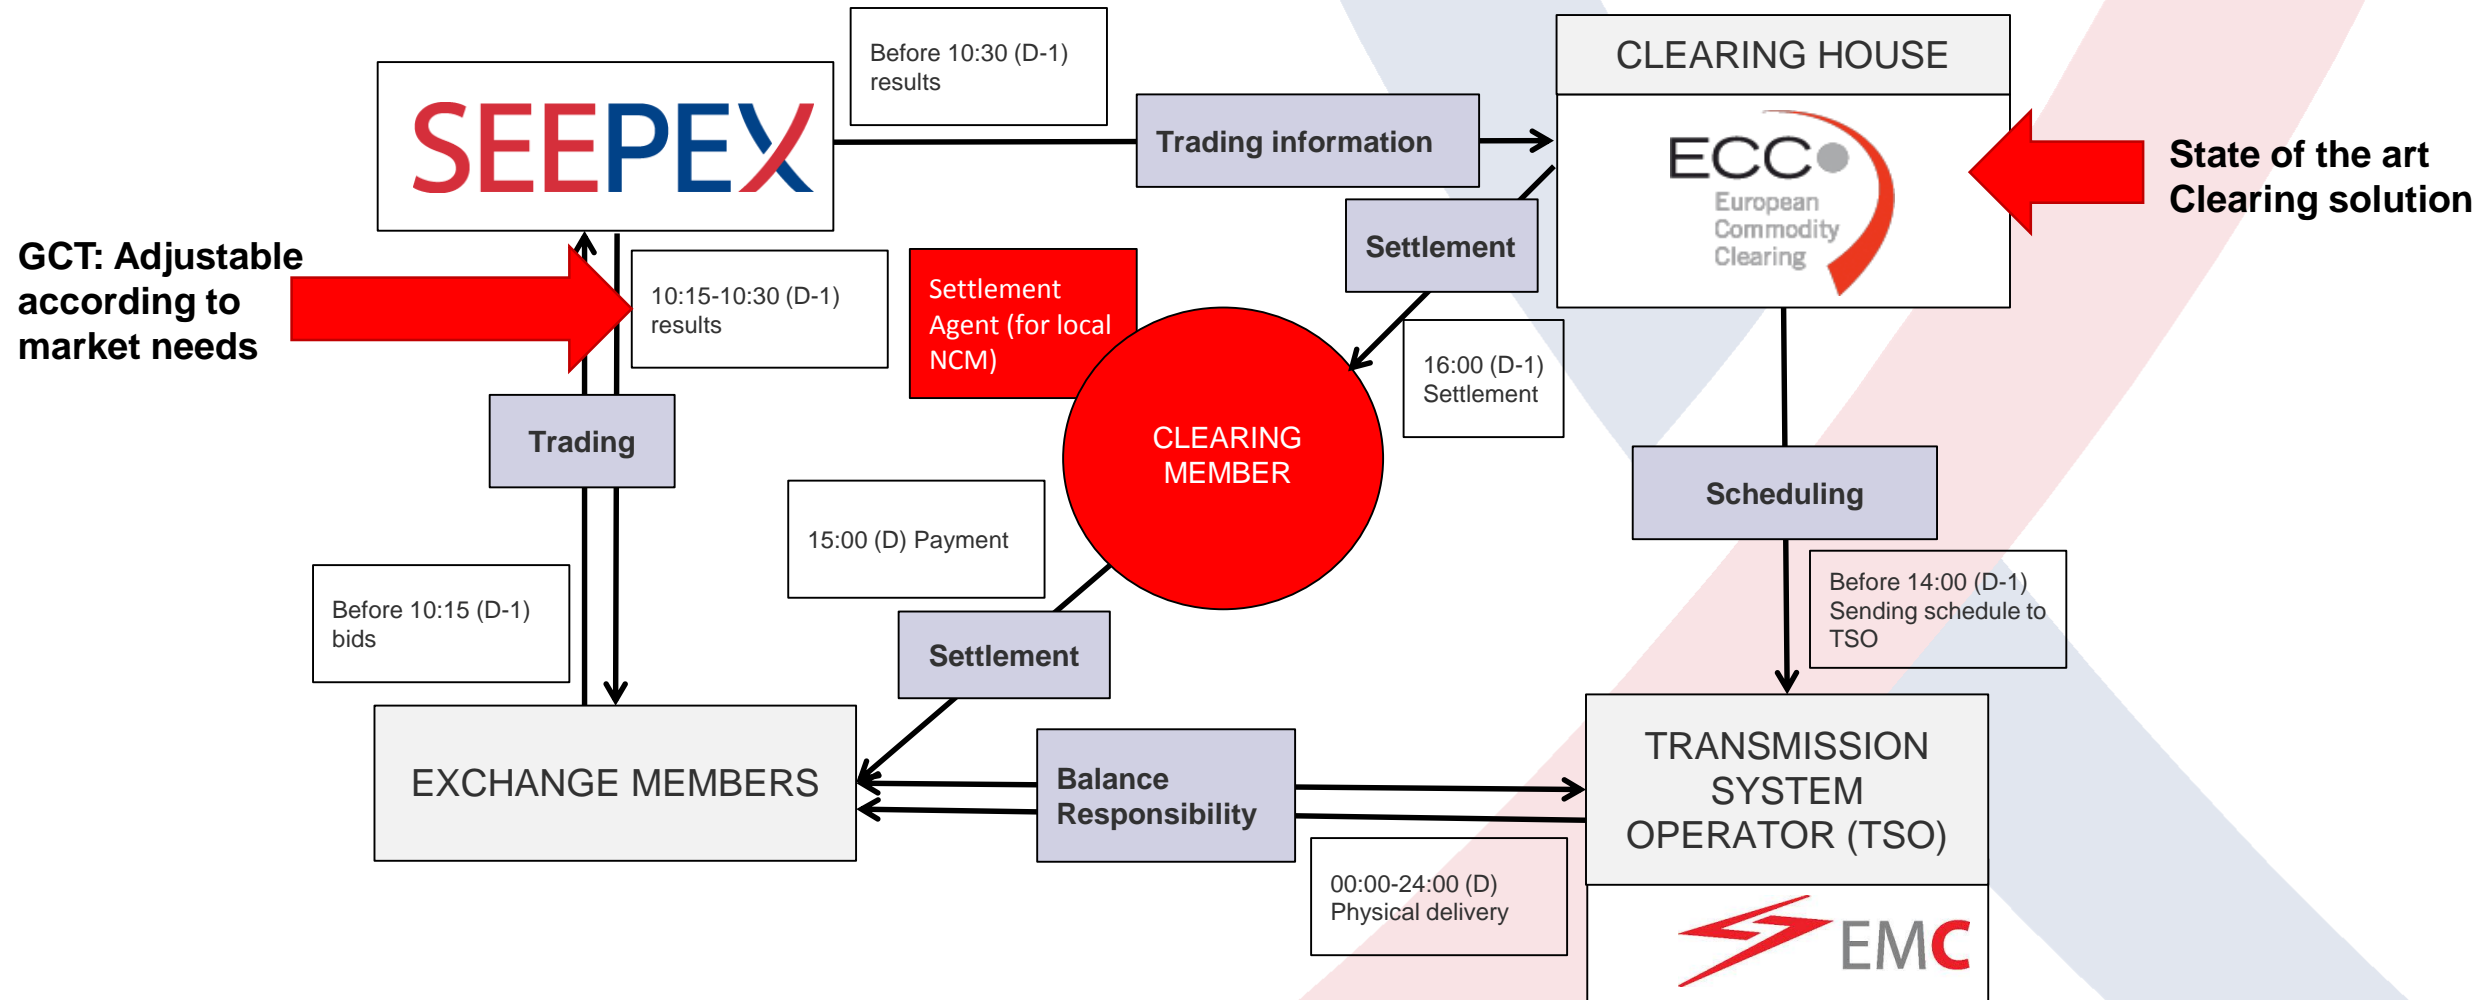

SEEPEX

- SEEPEX is fully market driven (non-regulated business)
- SEEPEX is designed to be a customer-oriented company
- SEEPEX relies on EPEX market operation (ETS)
- Best practice in high transparency and surveillance standards
- Clearing services are provided by ECC according to standard model in place in other European countries

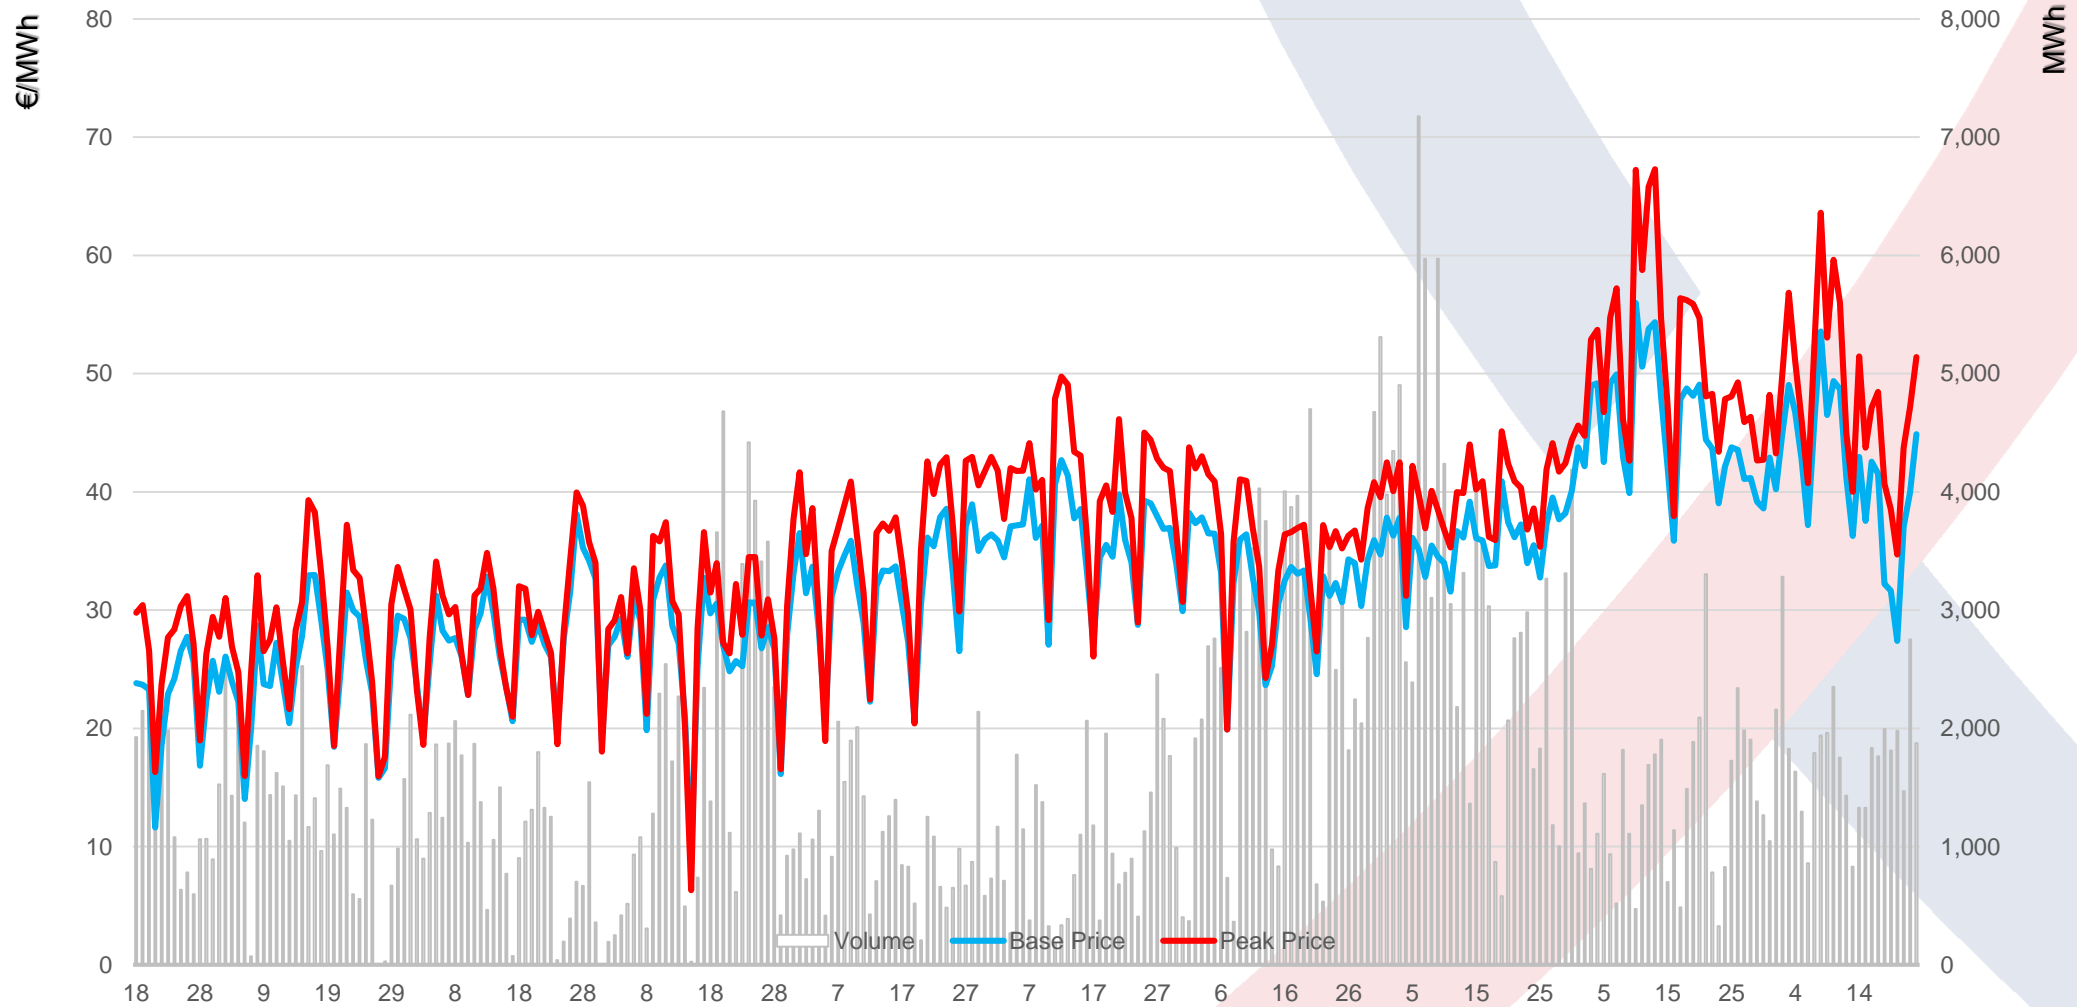

# SEEPEX Business model

# SEEPEX

## Average Volume and Price per day

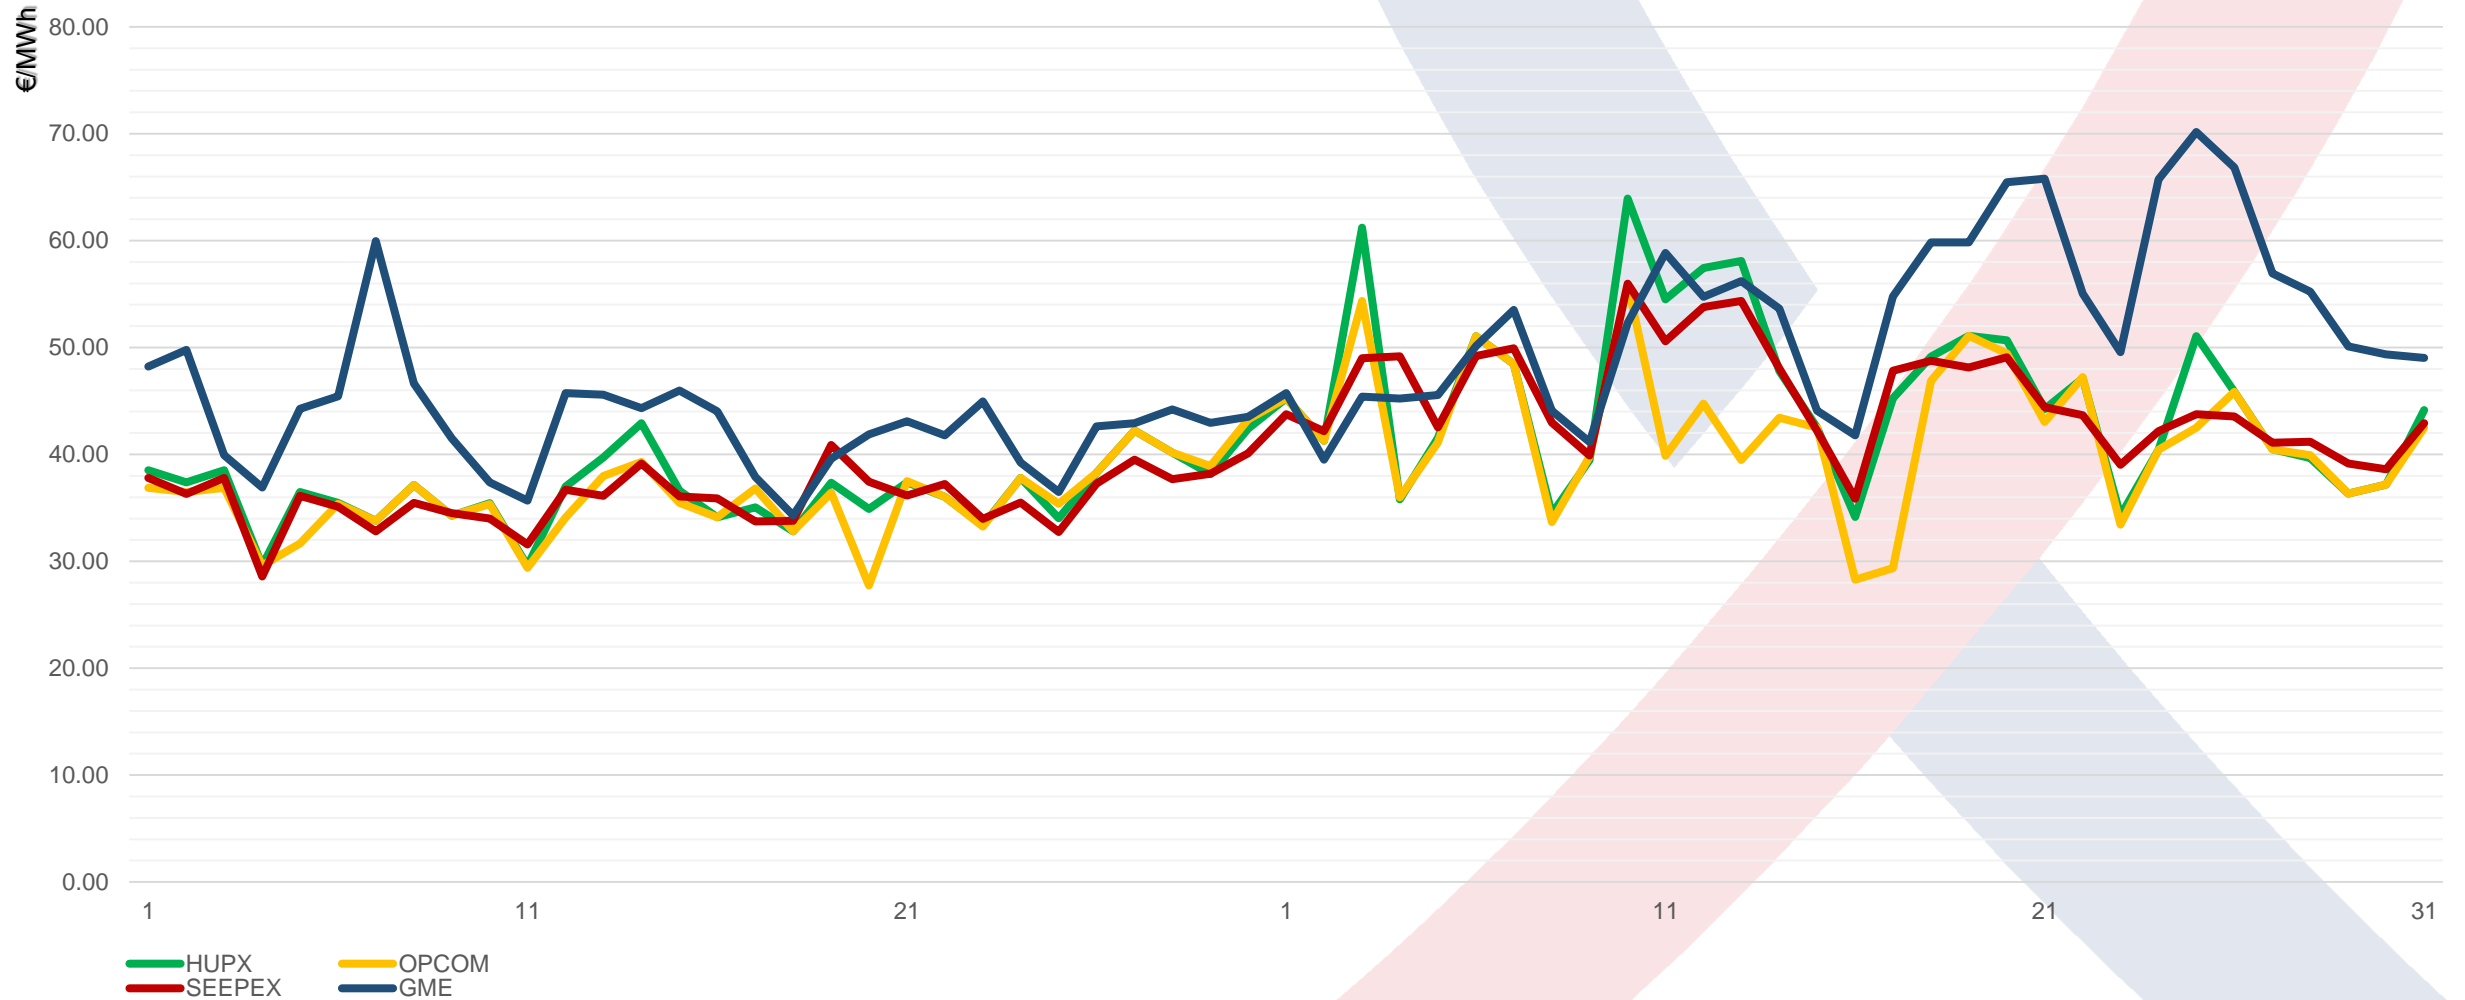

# SEEPEX

## Average Volume and Price per hour

# Price Comparison SEEPEX-HUPX-OPCOM-GME

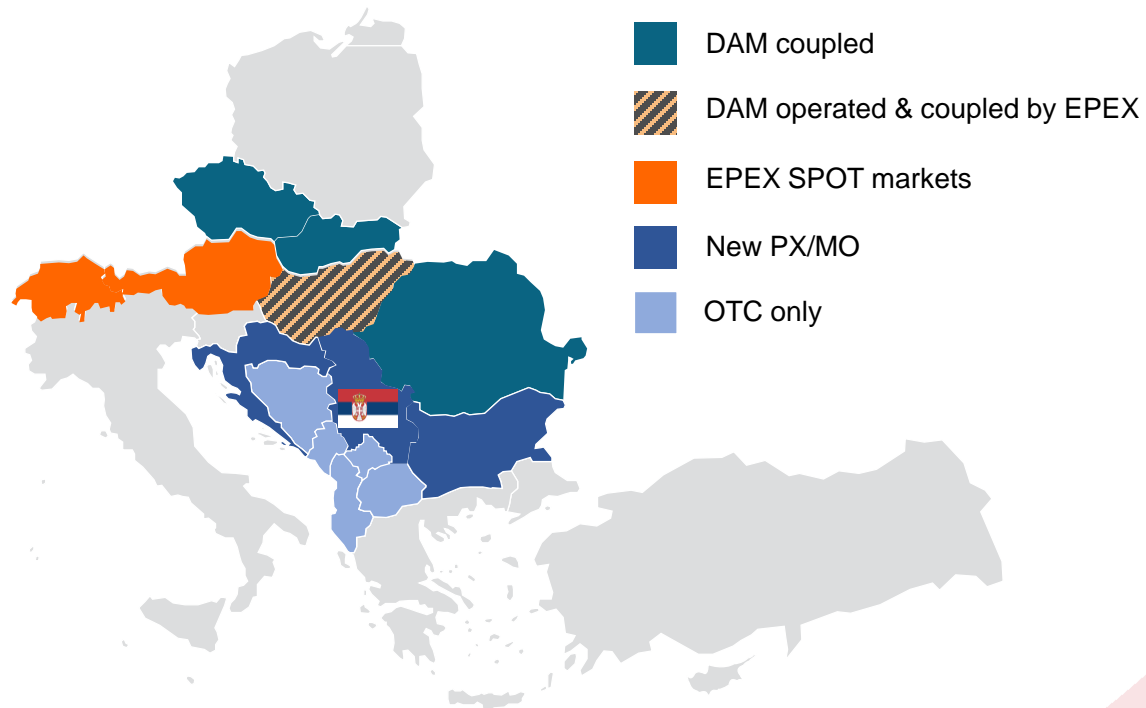

01/09/2016 – 31/10/2016

# SEEPEX

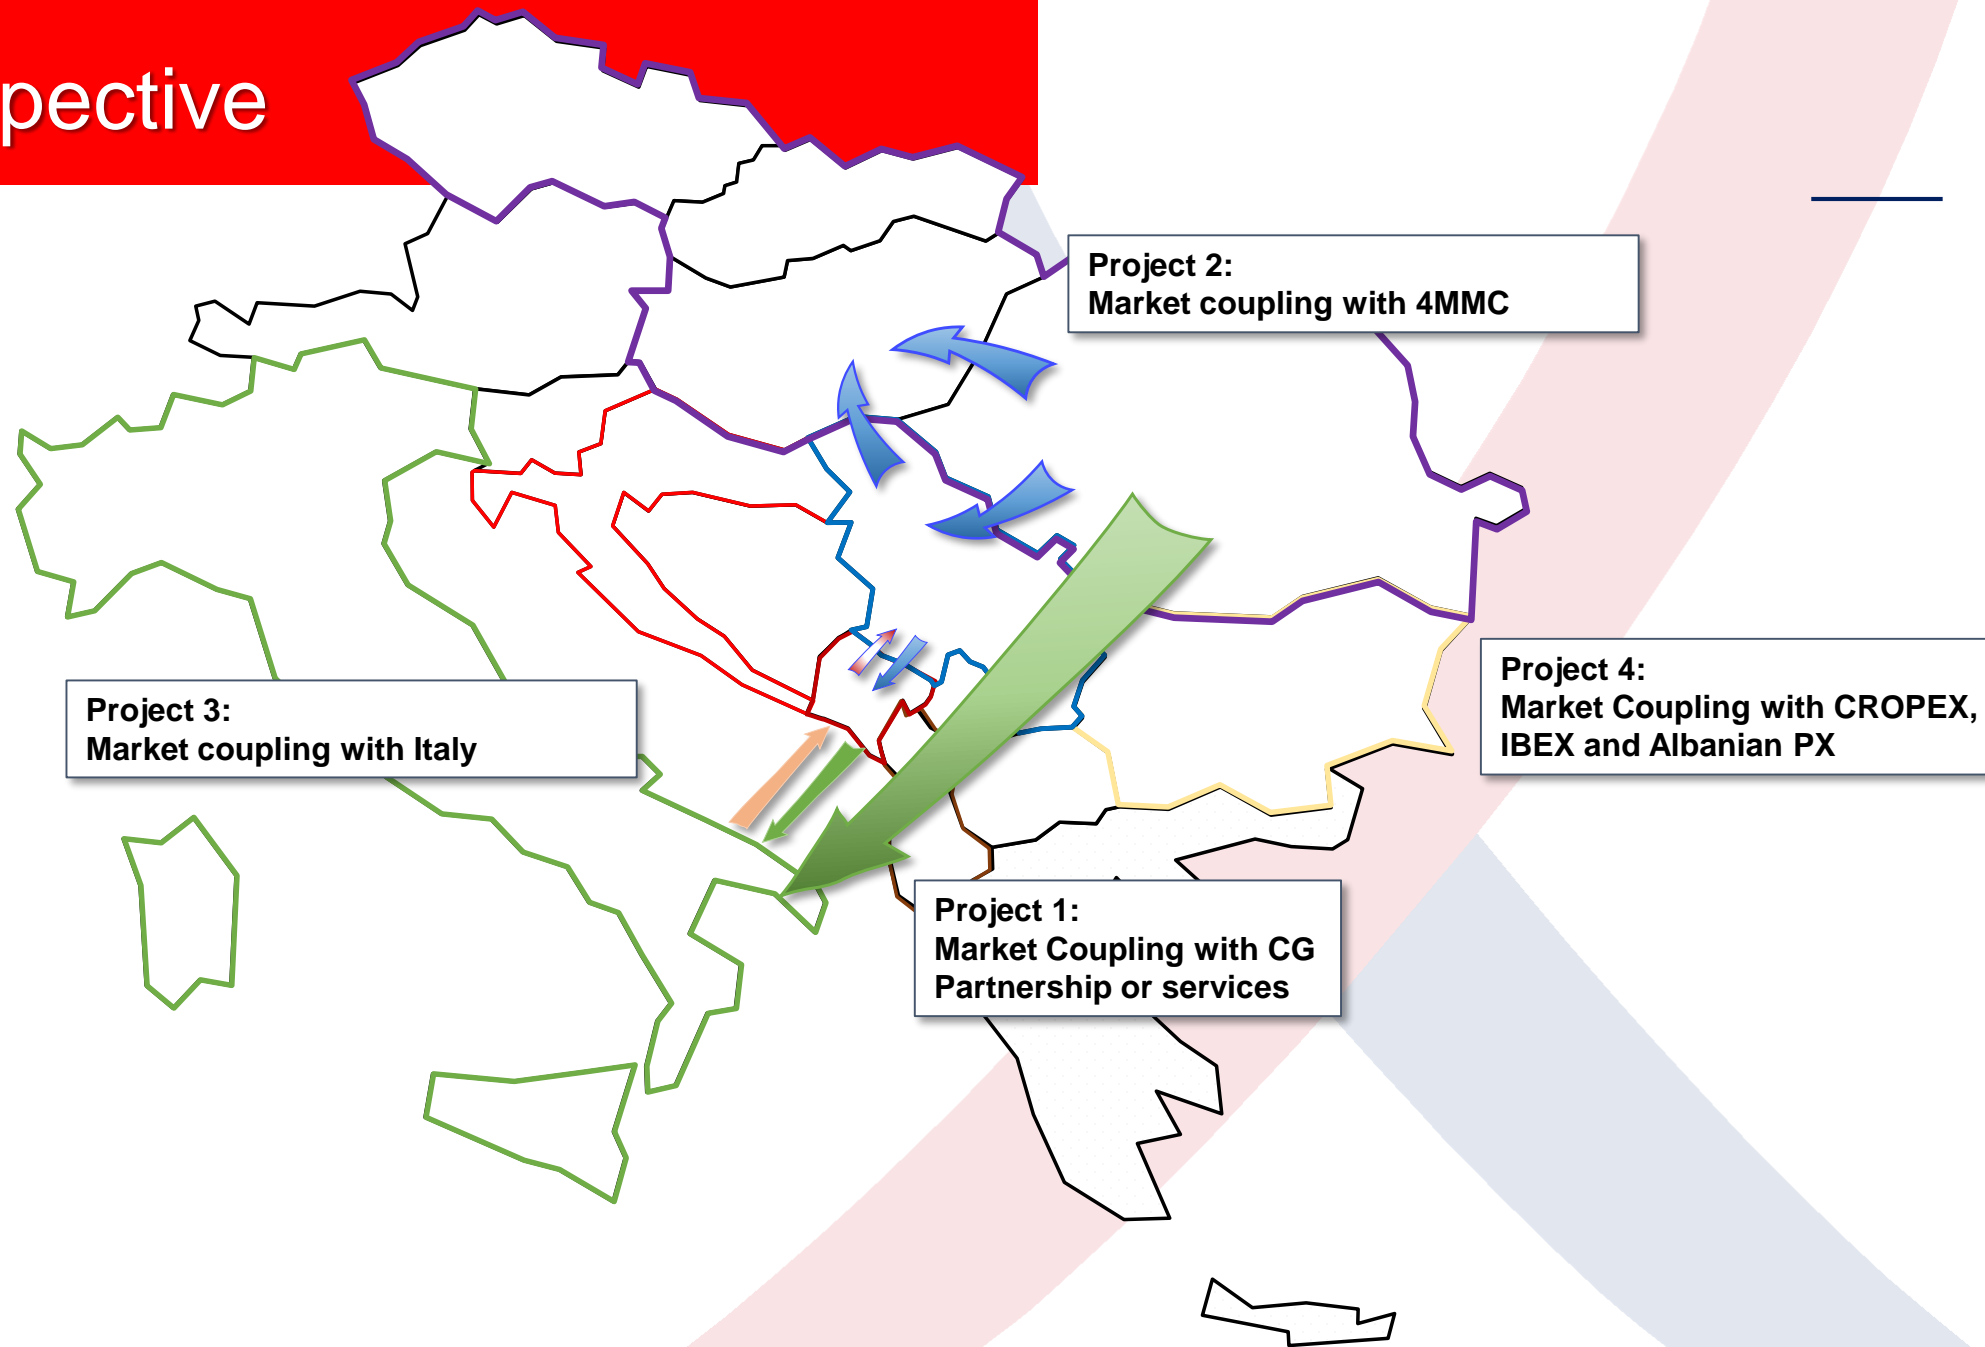

## Regional perspective

- Serbia is located at the heart of the cross-border exchanges between South Eastern Europe and Central Eastern Europe → 2 common borders with the 4MMC.
- Dynamic cross-border trading on its 8 borders with more:
  - more than 35 companies active on cross-border trading
  - most of them are already admitted by EPEX SPOT and/or ECC

# SEEPEX Regional perspective

Mid-term (2020)  
Target situation

**SEEPEx**

Energy will belong to everyone...
