

# **the energy community in 2012: an update**

**dirk buschle**

**en.regional 012 ljubljana**

**31 may 2012**

- implementation/domestic reform
  - an intense start and recent progress
  - from transposition to true implementation
  - what the secretariat can do to assist
  - in particular: regulated prices

- regional integration
  - open issues
  - in particular: the 8th region and coordinated capacity allocation
  - wholesale market opening
  - the environmental challenge
  - the gas2power initiative

- lessons learned from dispute settlement
  - assisting implementation ...
  - ... by enforcement in dialogue
  - in particular: capacity reservations
  - in particular: distribution tariffs

- implementing new acquis
  - 2011: the third package
  - 2012: network codes
  - 2012: renewables?
  - 2012: oil?
  - 2012: statistics?

- the strategy
  - outline of a regional vision
  - risks and challenges
  - a new approach to investment coordination
  
- conclusions

**thank you for your attention!**
