- Performance
- Innovation
- Integrity
- Example

# Toyota production system (Toyota Philosophy)

## Doing More With Less

### Lean Production – Doing More With Less

Main Target: Removal of Waste Activities

For most production operations, only a small fraction of the total time and effort actually adds value for the end customer.

By clearly defining "value" for a specific product or service from the end customer's perspective, all the non value activities – or waste – can be targeted for removal step by step.
